A Depending on the class, if there is a vacancy, it is possible to apply from the middle of the year. The application must be filed two months in advance and does not apply for the new year.

### Q I will be 1 year old in May next year. Can I enter the park in May?

A It will be a grade system. Children who turn 1 year old on or after April 2 will be 0 years old, so they will be

admitted to kindergarten in 2026.

**QIs it difficult for me to live in a group due to my disability, can you accept me?**

A We want to accept them as much as possible, but since we live in a group, it is also important that other children are safe. It is not possible to have one staff member for each child. It is a premise that you can live in a group, but we will work with you to think about the best way for your child, so please contact us in advance.

**QI don't understand English at all, is that okay?**

A: It's okay. There are many children who are entering an English environment for the first time.

**Q Are there any questions in English in the second exam?**

A Both children and parents will be asked questions in English by foreign teachers. We do not question the parent's English ability, but we will look at the child's interest in English and the ability to communicate.

**Q Is it possible to apply for the same job?**

A It is possible, but the deadline for payment and the timing of the interview cannot be changed even if you apply for the same purpose. Once paid, the payment cannot be refunded, so please check the schedule of the application destination before applying.

**Q When is the payment period?**

A It is sent together with the acceptance or rejection notice. The deadline is about one week after sending.

**Q What are the school bus hours?**

A The course of the school bus will be decided after the place of the applicant is available. Therefore, we are unable to answer the school bus times as of April at this time. For reference, it currently runs between 8:00~9:20 in the morning and 17:00~18:45 in the evening. It is not possible to specify the bus time.

**QIs the school bus coming to the driveway of the condominium?**

A Depending on the condominium, it may be on the street in front of you or at a designated bus stop. It is not possible to specify the location of the bus stop.

**Q Is it mandatory to participate in the travel project?**

A Although it is not mandatory, Noah's curriculum is non-cognitive education that includes travel projects. Please note that if you do not participate, there may be a difference in growth and learning with other children.
